Handball Goal Post

The handball goal post is made from special aluminium profiles. The cross section of the goal frame measures 80x80 mm. The inner dimension of the goal are 300x200 cm. The front frame is painted in two coloured stripes. At this goal the front frame is detachable. This allows the goal post to be transported in smaller packages. The bar frame and the net supporters are fixed to the front frame by stainless steel screws. It is equipped with the INTERLOCK net hook system, which ensures that the nets hangs perfectly. The coloured stripes can be chosen in three different options (blue/ white, red/ white and black/ white).

Order No. SP	Colours	Upper Projection
70003	Black White	1.25 M
70010	Red White	1.25 M
70010	Blue White	1.25 M
70020	Red White	1.40 M
70021	Blue White	1.40 M
70023	Black White	1.40 M

Handball Goal Post Net

The handball goal net is made from knotless high tenacity PP. It measures 3 m width and 2 m in height. The projection is 80 cm on top and 100 cm at the bottom. The mesh width is 100 mm. The net stands out because of its high mesh rigidity and high energy absorption. It can be fixed easily due to its light weight and flexibility. At the same time the net is also very abrasion resistant. The net fulfils the requirements of DIN EN 749. The net is available in assorted colours and thicknesses.

Order No. SP	Colour	Thickness
70220	White	3 mm
70230	Black	3 mm
70240	Green	3 mm
70250	White	4 mm
70260	Black	4 mm
70270	Green	4 mm
70280	White	5 mm
70290	Green	5 mm
70300	Blue	5 mm
70310	Red	5 mm
70320	Yellow	5 mm
